

Your customers often form impressions about your company within a few seconds.

Creating a professional, consistent look and appearance for your product or service is critical to connect with your customers.

You have an idea, but are not sure how to carry it out in most appropriate manner? Contact us and we will discuss and offer early-stage advice. We prepare a dummy and after you agree with our proposal, you choose appropriate technologies and materials and we proceed to finalisation of your order.

Do you have your graphic layouts in the necessary quality? You can simply send them to us via e-mail or through UPLOAD and we will make your order ready for expedition. We can also send you your order via messenger. With orders above 100 € incl. VAT, delivery is free within Bratislava.

Each order's technical quality is checked before printing. If there is a technical problem we will contact a client in order to suggest appropriate solution. Customer is responsible for errors

occurred in the content of a material(wording, etc.).
